

# Exhibit A

**AFFIDAVIT OF JAMES WILLIAMS**

Personally appeared before me, the undersigned officer duly authorized to administer oaths, James Williams, who, upon oath, deposes and says the following:

1. I am James Williams, and this Affidavit is made for use in any lawful purpose. The facts contained in this affidavit are true and correct and are based upon my personal knowledge and information. I am over the age of 21 years and fully competent to state each and every fact contained herein.

2. I, along with my wife Laurie Williams, are co-owners of the website "LAWYERFINDER", which is located at the domain name: www.lawyerfinder.com.

3. On or about March, 25, 1997, I purchased the domain name: "www.lawyerfinder.com" and began building a website on that domain to continue using the LAWYERFINDER brand to market and sell services related to an online legal directory.

4. I began using the LAWYERFINDER trademark in commerce on or about April, 1997.

5. Since this date, I have attempted to continuously improve the layout and features of the www.lawyerfinder.com site. As such, I have an intimate understanding regarding the development and changes to the LAWYERFINDER website over the last fourteen years

6. I have reviewed the contents of the websites printed from the Internet Archive's Way Back Machine website, which were attached as Exhibit "C" to our Petition to Cancel.

7. Based upon my personal knowledge of the different versions of the websites over the years, the images of the websites shown in Exhibit "C" accurately reflect my recollection of how our LAWYERFINDER website appeared on the dates indicated on the printouts.

8. On June 16th, 2000 my wife and I filed a trademark application, Serial No. 78013019, for the mark LAWYERFINDER. However, this application was ultimately abandoned after we failed to respond to an office action sent by the Examining Attorney.

9. Our website services have been used in the United States by individuals attempting to locate legal counsel and by attorneys wishing to advertise their practices.

10. My wife and I have invested substantial financial and temporal resources to develop, market and maintain our LAWYERFINDER trademark.

11. Through widespread and continuous use, our LAWYERFINDER trademark has acquired a good reputation and has become a valuable asset.

12. Our LAWYERFINDER trademark has become distinctive of our services and has become known in the minds of the public as identifying the source of our services.

13. The LAWYERFINDER.COM trademark registration is identical or confusingly similar to our LAWYERFINDER trademark and our website domain [www.lawyerfinder.com](http://www.lawyerfinder.com).

14. I have reviewed the services described in the LAWYERFINDER.COM Registration are they are either identical or closely related to the service we provide under our LAWYERFINDER trademark.

15. In view of the similarity of Registrant's mark with our LAWYERFINDER trademark, and in view of the nearly identical type of services these marks are used to promote, I believe substantial confusion will continue to develop in the marketplace. Furthermore, the Registration will continue to falsely suggest that we are affiliated with Registrant and their services.

16. The continued registration of the subject mark of the Registration is causing injury to our rights in our trademark, our investment in our trademark, and it will continue to do so until the Registration is cancelled.

FURTHER AFFIANT SAYETH NOT.

## AFFIDAVIT OF CHRISTOPHER BUTLER

1. I am the Office Manager at the Internet Archive, located in San Francisco, California. I make this declaration of my own personal knowledge.

2. The Internet Archive is a website that provides access to a digital library of Internet sites and other cultural artifacts in digital form. Like a paper library, we provide free access to researchers, historians, scholars, and the general public. The Internet Archive has partnered with and receives support from various institutions, including the Library of Congress.

3. The Internet Archive has created a service known as the Wayback Machine. The Wayback Machine makes it possible to surf more than 150 billion pages stored in the Internet Archive's web archive. Visitors to the Wayback Machine can search archives by URL (i.e., a website address). If archived records for a URL are available, the visitor will be presented with a list of available dates. The visitor may select one of those dates, and then begin surfing on an archived version of the Web. The links on the archived files, when served by the Wayback Machine, point to other archived files (whether HTML pages or images). If a visitor clicks on a link on an archived page, the Wayback Machine will serve the archived file with the closest available date to the page upon which the link appeared and was clicked.

4. The archived data made viewable and browseable by the Wayback Machine is compiled using software programs known as crawlers, which surf the Web and automatically store copies of web files, preserving these files as they exist at the point of time of capture.

5. The Internet Archive assigns a URL on its site to the archived files in the format `http://web.archive.org/web/[Year in yyyy][Month in mm][Day in dd][Time code in hh:mm:ss]/[Archived URL]` (note: for files obtained via the "classic" Wayback Machine interface, the foregoing URL format would begin with `http://classic-web.archive.org/web/`). Thus, the Internet Archive URL `http://web.archive.org/web/19970126045828/http://www.archive.org/` would be the URL for the record of the Internet Archive home page HTML file (`http://www.archive.org/`) archived on January 26, 1997 at 4:58 a.m. and 28 seconds (1997/01/26 at 04:58:28). A web browser may be set such that a printout from it will display the URL of a web page in the printout's footer. The date assigned by the Internet Archive applies to the HTML file but not to image files linked therein. Thus images that appear on a page may not have been archived on the same date as the HTML file. Likewise, if a website is designed with "frames," the date assigned by the Internet Archive applies to the frameset as a whole, and not the individual pages within each frame.

6. Attached hereto as Exhibit A are true and accurate copies of printouts of the Internet Archive's records of the HTML files for the URLs and the dates specified in the footer of the printout.

7. I declare under penalty of perjury that the foregoing is true and correct.

Hi Marion,

Thanks so much for the update on Lawyer Finder. I will be delighted to talk to you about it in Toronto. I have copied our president, Rita Sheffey, who will be attending the NCBP meeting, so if you are staying over for that as you usually do, we may be able to include her in the conversation, too. And, I am copying Carla Brown, our LRIS Director to let her know about the ongoing discussion as well.

See you in August. Diane

**Subject:** Are you going to Toronto?

Hi Diane,

I hope all is well in Atlanta.

Before Alex retired, I think you were talking to him about our online lawyer listing site, Columbus Lawyer Finder. At that time we did not have much hard data but now we do. I thought you may be interested in an update... business is very good. We have 85 subscribers at \$150.00 a month. (compared to 240 subscribers on LRS). The overlap of CLF and LRS membership is about 1/3.

Since Alex and I saw you last, we have added a sister site in Las Vegas, the Clark County Lawyer Finder site ([www.ClarkCountyLawyerFinder.com](http://www.ClarkCountyLawyerFinder.com)) which went live this month. I think John Norwine is also pleased with his site, Cincinnati Lawyer Finder (URL: [www.CincyLawyerFinder.com](http://www.CincyLawyerFinder.com)) which went live to the public on April 1, 2011.

From our standpoint, the more bars participating in Lawyer Finder the greater the exposure and the brand identity for all of us, and ultimately it increases all of our organic rankings in online searches for each of the Lawyer Finder sites.

Last month our Columbus Lawyer Finder site again exceeded 2,300 unique visitors (LRS received about 2,000 calls). The family law category consistently receives the most traffic, followed by Employment/Labor Relations and Probate, Wills, and Estate Law rounding out the top 3 listing areas. As you can see we have doubled our traffic.

If you would be interested more information on Lawyer Finder, please let me know and we can chat in Toronto.

I look forward to seeing you.

Marion

**COLUMBUS BAR SERVICES, INC.**  
**MINUTES: July 27, 2011**

A meeting of the Board of Directors of Columbus Bar Services, Inc. was held on July 27, 2011. The following Board members were in attendance: Jen Adair, Belinda Barnes, Jim Bownas (8.15 a.m. arrival), Nelson Genshaft, Alvin Mathews, Sandy McIntosh, Mark Petrucci, Rich Simpson, Tom Washbush, Joe Winner, Mike Zatezalo, Frank Duffy, and Jill Snitcher McQuain. Also in attendance were Paula Coulter, Marion Smithberger and Kathy Wiesman.

**1. Minutes**

Upon motion duly made and seconded, the Minutes of the April 27, 2011 meeting were approved.

**2. Board Reappointments**

Jill Snitcher McQuain reported that the following CBS Board members had been reappointed for new three-year terms:

Jen Adair Belinda Barnes Jim Bownas Nelson Genshaft Rich Simpson

Mark Petrucci was also appointed to the Board as Columbus Bar Secretary/Treasurer

**3. Manpower**

Manpower has not yet made a staffing placement for the Columbus Bar, but is currently working on four new openings for us. They recently completed a 150 piece mailing to past Columbus Bar staffing clients.

**4. ColumbusLawyerfinder.com**

Paula Coulter distributed reports on CLF membership and activity from April through July. Clark County Bar Lawyer Finder is live in addition to Cincinnati Lawyer Finder. We have a letter of intent from the New Haven, CT Bar Association and are talking with the Atlanta and Alleghany County Bar Associations. There was discussion about possibly changing the fee arrangements, basing our revenue on a percentage of the partner bar's income for the Lawyer Finder.

Due to demand, the maximum number of practitioners listed in the Family Law category on ColumbusLawyerFinder.com has been increased to 40. All current participants have been informed of the increase, and there were no objections.

Paula Coulter will be hosting a networking lunch at the Columbus Bar later this week for potential CLF users. In addition, CLF will sponsor a People's Law School session planned for the fall.

**5. Court Reporting**

Jill Snitcher McQuain raised the issue of the impact new technology is having on court reporters and whether there is an opportunity to partner with McGinnis & Associates, a long-time Columbus Bar partner, to develop new ideas. The Board elected to take no action at this time, but to continue to monitor the situation.

**6. LookingforSpace.com**

Jill Snitcher McQuain reported that she had been approached by a broker offering a program called LookingforSpace.com as a member benefit. The program would allow Columbus Bar members to post office space for rent on a website for \$75/month. Jill will move ahead with exploratory research, and barring any negative issues, the CBA will offer the service. Upon motion duly made and seconded, the Board approved the program, pending completion of the research.

**7. June Financials**

Frank Duffy reported on the unaudited June financials. The income taxes are estimated, and the auditors will provide the final numbers when their audit is complete. Frank advised the Board that \$16,000 in directory advertising will be written off due to NFP's failure to pay. The matter has been referred to a CBA Board member for collection.
